Staff Exchange Mobility

In October 2022, the FRAME partner universities from Thailand (Kasetsart University and Chiang Mai University) and Laos (Savannakhet University and Souphanouvong University) participated in an exchange staff program for comprehensive staff capacity at the University of Helsinki 2-14 October 2022 and Czech University of Life Sciences Prague 15–28 October 2022.

Viikki Tropical Resources Institute (VITRI) of UH hosted the first two weeks. The participants learned about grant proposal and academic writings and took trainings for supervision skills, map in teaching (Remote Sensing and QGIS), and CarboScen.

The third and fourth week was hosted by the Faculty of Forestry and Wood Sciences of CZU Prague. The staff exchange program built a capacity including VR-related forestry practices, forest machine simulators, field trips to University Forest Enterprise for forest wood management, wood logs, log transportation, nursery management, and sawmill factory of wood processing.

Sustainable Forest Management and Bio-economy Intensive Course in Bangkok

The FRAME training entitled The Role of HEI in Sustainable Forest Management and Bio-economy took place in Bangkok, 2/11– 2/12/2022. The event was jointly organized by KU and CZU. The workshop was a combination of theoretical lectures and a practical demonstration of plantation management.
