

Designated Member Presentations (cont.)

Review Panel Test

- Each participant will review one application
- That participant then puts together a two-minute presentation on the following:
 - What does the project ask (research question / objective)?
 - Why is this important?
 - What is the relevance?
 - What are the main research activities which support the research question / objective?
 - Summarise:
 - Methodological approach
 - Scale / scope of the project
 - Main expenses / requested funding amount
 - What are the applicants credentials / competencies?
 - What are the main outcomes of the project?
